```javascript
var ValidateStudent = Class.create();
ValidateStudent.prototype =
Object.extendsObject(AbstractAjaxProce
ssor, {
  validateID: function(studentID) {
    var gr = new GlideRecord('u_student');
    gr.addQuery('u_student_id', studentID);
    gr.query();
    return gr.next() ? 'Valid' : 'Invalid';
  }
});
```
